

# Encouraging Change

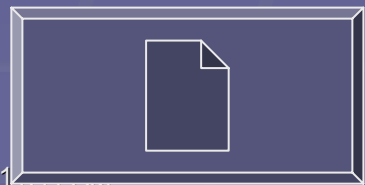

Karen Work Richardson  
Chesterfield County Schools  
May 9, 2005

# What Do You Already Know?

Snapshot of your school: Think, Pair, Share

- Percentages/Types of Use
- Requirements
- Barriers
- Effective Encouragements

How have you approached change in the past?

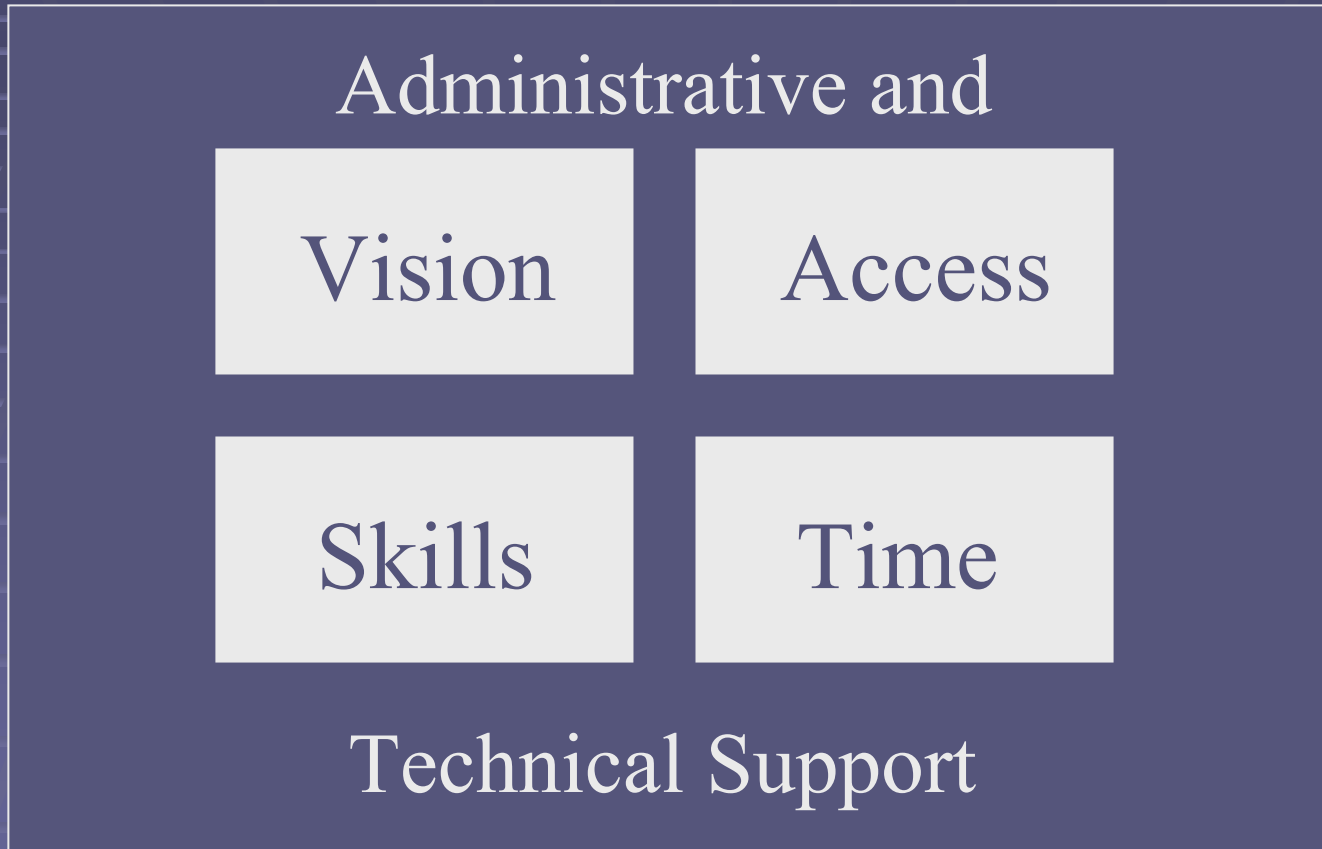

# Leadership and Change

- It's about relationships.
- It's about vision. (Write it down, right now.)
- It's about support. (That's you!)

# Technology and the Curriculum

- Learning about (technology as curriculum)
- Learning from (technology provides curriculum)
- Learning with (technology supports curriculum)
- Teacher/Administrator Productivity Use: databases, gradebooks, communication
- Classroom Management/Access Issues

# Remember, this is a system....

What do your teachers need in order to integrate technology effectively?

# GMOTT and ASSURE

- <http://knowledgeloom.org/media/bpinter/1163/elements.html>
- What's the philosophy? Is this always appropriate? Which teachers would feel comfortable with this?
- <http://www.unca.edu/education/edtech/techcourse/assure.htm>
- Where is technology in this model? Which teachers would feel comfortable with this?

# Bridging the Gap with Webquests

- [Animal Adventures](#)
- [Ponce De Leon](#)
- What skills does this require? Use a template to create a webpage; knowledge of curriculum
- What access does this require? Ability to publish a webpage
- What kind of time does this take? Several hours...
- OR modify someone else's: [UVA Directory](#)

# Technology Integration

Making Choices to Meet Needs  
and Solve Problems

The Secret Life of Bees

# Promoting Technology Use

The same but better...Transparent Technologies:

- Inspiration
- Digital microscopes
- Word processor
- [PortaPortal](#)

# Promoting Technology Use

## New things...

- Blogs
- [Wikipedia, the IvyRun Wiki](#)
- [Del.icio.us](#)
- [The Voices of Youth](#)
- [International News](#)
- [The International Boiling Point of Water](#)

# Professional Development

- Decision Making Model: <http://www.ivyrun.com>
- Webquests for Educators: <http://www.ivyrun.com>
- Resource Mining
- Time to Create
- Classroom Management
- Time to Integrate

# Where Can You Learn More?

- Annenberg CPB Project:  
<http://www.learner.org>
  - Principles of Principals Video Workshop
- United Streaming:  
<http://www.unitedstreaming.com>
  - Hosts the Netfiles Program that features technology integration issues and vignettes
- PT3 Now!: <http://www.pt3now.org/>
  - Real-life examples of technology integration

# Where Can You Network?

- Virginia Learning:  
<http://www.virginialearning.org>
- Your Own Blog:  
<http://schooltechleadershipblog.org/>
- National Associations
  - Secondary:
